INDEX TO VOLUMES XVI AND XVII, FEBRUARY, 1919-JUNE 1920*

THE CORNELL COUNTRYMAN

Because of unsettled conditions brought about by the war, publication of THE COUNTRYMAN was suspended from September, 1918, until February, 1919. Only five issues, February-June, are contained in Volume XVI, and no index was published in the June issue, as had been the custom. Volume XVII contains the customary nine issues.
